Subject: RE: May 2 meeting

Dear Bob,

Thank you for your e-mail. We would like to proceed with the May 2 meeting to keep up the momentum from the productive call that we had on April 22. During the April 22 call, the parties agreed that the immediate next step is to have a technical-focused meeting on May 2 to discuss the details of an appropriate and effective DPE-implemented enhanced monitoring program. As previously discussed, EPA believes that this program should consist of several components, including long-term community air monitoring, continuous air monitoring, and a formal root cause analysis and corrective action plan.

Attached is a more detailed outline of a proposed enhanced monitoring program that we propose serve as a guide for our discussion on May 2. We acknowledge that DPE has experience with several of these elements, and we look forward to further discussion of the outlined concepts.

We appreciate DPE's willingness to engage in an open conversation on this topic.

If you have any questions about the attached outline or the agenda for the May 2 meeting, please do not hesitate to contact me.

Regards,
Justin

Subject: RE: May 2 meeting

Justin and Provi:

Could we have a quick conference call to discuss the May 2 meeting this afternoon or tomorrow? DPE had been anticipating that the May 2 meeting would include EPA senior management to discuss the on-site versus off-site monitoring issue. With Patrick Traylor's input on Monday, the focus of the meeting seems to have changed, and as you note EPA senior management will not be present. As we see it the meeting is now intended to cover many of the same topics that were discussed on March 20 at the plant. So far we have not received any questions about the information that we submitted on April 19. So we consider postponing the May 2 meeting for now?

Bob

Subject: [EXTERNAL] May 2 meeting

Bob,

As a follow-up to the call on Monday, I want to let you know that we are putting together an agenda for our scheduled meeting on May 2 in Dallas. We plan to send that agenda over to you by the end of this week.

Because the May 2 meeting will be primarily technical in nature, EPA participants will most likely not include Region 6 or HQ Senior Leadership. Below is a list of expected EPA attendees. I'll notify you of any changes. I will also send out a calendar scheduler ASAP (which will include a call-in number for those cannot attend in person).

James Leathers, Region 6 Air Enforcement
Margaret Osbourne, Region 6 Air Enforcement
Steve Thompson, Region 6 Air Enforcement
Dan Hoyt, Air Enforcement Division, OECA
Greg Fried, Air Enforcement Division, OECA
Providence Spina, Attorney, Air Enforcement Division, OECA
Kathryn Caballero, Attorney, Air Enforcement Division, OECA
Justin Lannen, Attorney, Region 6
Cheryl Barnett, Attorney, Region 6

Regards,

Justin
